

Dear Parents,

TUCK SHOP LUNCHCARD SYSTEM

In an effort to assist our parents and make your lives easier, we have decided to implement a cashless card-based system called Lunchcard which will allow students to make purchases at the school tuck-shop using a card instead of cash.

Use of the card will not be compulsory and cash will still be accepted at the tuck-shop. Some of the benefits of the Lunchcard system are:

- Funds can be paid to the student's Lunchcard by EFT or bank deposit.
- Daily limits can be set on the Lunchcard website.
- Parents are able to set restrictions of what can and can't be purchased by the student.
- Parents are able to view reports of purchases.
- Management and reporting can also be done from the Lunchcard mobi site.

Your child will receive a printed Lunchcard with his or her picture and details printed onto it which you can either decide to use or discard upon receipt.

The cost for the Lunchcard service is R20 per month, per family (irrespective of how many children you have). Parents are able to either pay this amount monthly by means of an electronic debit order or annually by online credit card payment. There is also a 17% discount applicable to parents who may wish to pay the card fee upfront for the year. There is no cost for the initial card but replacement cards would incur a cost of R60 (including delivery).

Yours sincerely

Michelle McMenamin
Principal

I, _____ parent of _____ in Grade _____
hereby give permission for my child to have their photo taken for the lunchcard. I understand that by receiving a lunchcard I am not obliged to use the system and may discard the card.
